

Savix

The DeFi answer to traditional savings accounts:

Easy DeFi for everyone!

- The first predictable self-staking protocol
- Gas-free staking rewards directly to your wallet
- Combinable with other DeFi projects
- Unique audited code published on GitHub

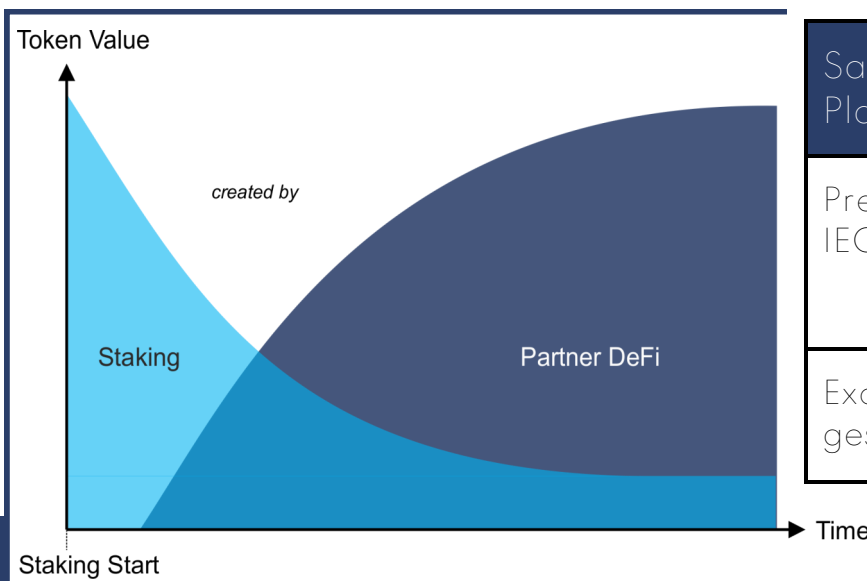

➤ **85% APY**

Savix combines predefined interest with DeFi investments:

1 Token = 3 Streams of Passive Income

Unique Investment Proposition

- Ready-to-run Product: Real time staking starts after end of sale
- Long term "hype potential": Flexible use with new DeFi products
- Very scarce supply of max. 100,000 tokens
- Great growth potential due to broad target group: Ordinary users including beginners and non tech-savvy
